

Functional Features included in the solution

Date	06 July 2026
Team ID	[Enter Your Team ID]
Project Name	Heritage Treasures: An In-Depth Analysis of UNESCO World Heritage Sites in Tableau
Maximum Marks	5 Marks

Functional Features Included in the Solution:

Provide a comprehensive list of all functional features that have been successfully integrated into your final solution. This helps evaluators understand the scope of your project, the modules you have developed, and the exact capabilities your application provides to the end users.

S.No	Feature Name	Description & Purpose	Module / Layer	Status
1	Interactive World Heritage Map	Choropleth/point map plotting all 1,121 UNESCO sites, colored by Category (Cultural / Natural / Mixed), with hover tooltips showing site details.	Dashboard 1 (Tableau)	Completed
2	Region, Category & Danger Filters	Global filter controls for Region, Category, and Danger Status that update every chart on the active dashboard simultaneously.	Dashboard 1 & 2 (Tableau)	Completed
3	Danger Sites Analysis Dashboard	Combined bar + trend chart and map dedicated to the 53 sites currently classified "In Danger," highlighting geographic and temporal risk patterns.	Dashboard 2 (Tableau)	Completed
4	Year Inscription Forecasting	Built-in Tableau forecast (exponential smoothing) projecting future heritage site inscriptions based on historical data from 1978–2019.	Year Forecasting sheet (Tableau)	Completed
5	Guided Story Navigation	A 9-point guided Story sequencing the overview, regional breakdown, danger analysis, and forecast into a single narrative walkthrough.	Story 1 (Tableau)	Completed
6	Automated Data Cleaning Pipeline	Python script (pandas, openpyxl) that strips HTML entities/stray tags, trims whitespace, and verifies zero duplicate rows before the data	Data Preprocessing (Python)	Completed

		reaches Tableau.		
7	Flask Web Application Wrapper	Multi-page website (Home, About, Dashboard, Storyboard) that embeds the Tableau dashboards and displays live KPI counters (sites, countries, regions, categories).	Flask Frontend	Completed
8	Storyboard Narrative Pages	Four narrative chapters — Global Heritage Landscape, Mapping Our Treasures, Threats to Heritage, Looking Forward — guiding non-technical visitors through the analysis.	Flask Storyboard Page	Completed
